

I am writing in reference to the potential change to LPFM, which may take FM translators off the air. One station in particular, K-LOVE, serves me as a resident of the local community and I think it would be a shame for K-LOVE to no longer be on the air. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming would be the great loss of a family-centered and family-friendly radio station - one that stands out as a light among the other options on the airwaves. For these reasons, I believe that the service provided by K-LOVE is in the public interest and should be a continued service to the community.
